NEWS ITEMS OF INTEREST.

A St. Louis Roman Catholic killed himself because his brother became a Presbyterian.

King Humbert has bought land in Abyssinia and is trying to start an Italian colony there.

The town of Littleborough-by-Rochdale, containing about seventy-four acres, with a population of about 100,000, has just been sold to a Yorkshire gentleman.

Saturday night balls at Fall River are stopped at 12 o'clock by the police, at the request of the clergy, whose principal complaint is, not that late dancing is a desecration of the Sabbath, though that point is mentioned, but that the dancers are too sleepy in church on the following morning to pay attention to the sermon.

Some men saw by a railroad time table at Warsaw, Ark., that a certain train was not to stop there. They offered to pay the station agent well if he would somehow get them aboard, but he said it could not be done. Then they tied a rail on the track, which stopped the train, sure enough, but wrecked it so effectually that it could not start again.

A Quebec merchant has experimented successfully in shipping beef to England in the carcass. The animals are beheaded, the entrails are taken out, and the bodies pressed into a small compass and frozen. The hide is not removed until the voyage is over, and it is claimed that the meat is superior in appearance to other imported beef, and keeps longer.

The Rev. Wm. M. Barry, who died recently at Worcester, Mass., left directions to his executors to burn all his papers unread, to bury him in his plainest clothes and a cheap box, to permit no clergymen nor his wife to be present at the funeral services, and to devote his property to the maintenance of worship in the Congregational church of which he had been pastor.

Caught on its Own Hook.

From the Chicago Field.

A short time since, the *Forest and Stream* offered a large fish hook, as a prize for the biggest fish life that could be told. As a natural consequence there was not wanting any number who were ready to draw on their imagination for the questionable prize. Among them was an Oregon correspondent who perpetrated the cruel joke on our contemporary, and after eating the salmon, died after the most approved manner, at their owner's feet. Our contemporary, not realizing that it was a bid for the biggest lie, bit at the bait, was hooked, and indulged in a learned article on fungi, etc., etc., etc., forgetting that a breed of dogs could not Mat long that died by their very occupation.

A Gain of 55 Per Cent.

A NEEDED ROAD.

In regard to the proposed new northern road, which would so much benefit the business of Reno, the *Modoc Independent* has the following:

"During the week we had a friendly visit from R. A. West, who has just returned from Reno, and he informs us that the citizens between here and that place are just ripe for a new road between Reno and Alturas. The route proposed, and it is one that can be travelled without difficulty, is from Alturas via McDonald's on Madeline Plains to Honey Lake; distance 60 miles; thence to Pete's valley, distance 10 miles; from Pete's valley across the head of Honey Lake valley to Buntingville, about 17 miles; thence following the stage road from Susanville to Reno, a distance of 75 miles, making a total distance of 162 miles and shortening the distance between Alturas and Reno about 20 miles, which would make a difference of 2 days for loaded teams on a round trip. From our personal knowledge of the proposed route as good a road can be built that way as there is in any part of the mountains of California. There need not be a hard pull anywhere on the entire road, and ample accommodations for both man and animals can be procured at short distances along the road. It has been suggested to us that Reno, Alturas and Buntingville, each send out a viewer, and that they meet at a given time to view, survey and locate the proposed new road, and to make a report through their respective local papers, and that a subscription list be presented at the time of viewing the proposed road to those who are acquainted with, and in favor of that route. Mr. Shumway, of Honey Lake, says he will head the list with \$150. Mr. McDonald, of Madeline Plains, will give \$50. It is roughly estimated that the road can be put in first rate condition for between two and three thousand dollars. We would like to hear from our friends in Reno."

BRIBE-TAKERS.

Referring to railroad matters the *Carson Appeal* says:

The names of the men who received the money, the amounts they received, and who they got it from, will be a matter of public record.

If the above can be proved the guilty members should be hanged or sent to prison for life.—*Journal*.

This looks like business. Why delay?

EDITORIAL NOTES.

The case of the State vs. King and Wyman came up this morning. King was allowed to turn state's evidence, and he told with a smile a story which showed him to be twice as big a villain as his partner in crime. He put up the job to rob his own uncle, a man who had been kind and generous with him. Even the rule that there is honor among thieves fails in his case. He is one of the meanest looking creatures ever seen in Reno, and from his own story he is as mean as he looks.

Says the *New York Sun*: The California trotter St. Julian is to make a tour of the East during the coming spring. His owner writes to a Detroit man: "I will want \$1,000 net to trot my horse, and if he can get that in Detroit, this will be the first race St. Julian will trot on your side of the mountains." The phrase "on your side of the mountains" will probably strike the Detroiters as something they never thought of before.

The *Plumas National* man has tried his hand at rhyming the word Elko, and prints this attempt:

A poet in Reno
Is not very keen-o.
And to save his life can't rhyme with Elko.
He ought to be made
To suck eggs for a trade.
And be bung if he swallowed the yolk-o.

The most valuable articles upon the railroad question appearing in the Nevada press are furnished by the *Reno Gazette* and the *Virginia Enterprise*.—*Va. Chronicle*.

Thanks, neighbor. We have given the subject a great deal of study and hope the state will be the better for our having lived in it.

If "a strong man" is needed for President, why not run Caldera? If strength is the main qualification, Caldera should make a better President than Grant. The Italian is the stronger and the more obstinate of the two.

Washington Territory's delegation to the National Republican Convention will be for Blaine.

Opposition stage lines between Carson and Genoa have reduced the fare to 0.

Clem Lemery arrived from Paradise last night and will go below in a day or two.

Text Books in School.

The Board of Education makes the following report relative to the text books to be used in the public schools of Nevada:

DEPARTMENT OF PUBLIC INSTRUCTION,
OFFICE STATE BOARD OF EDUCATION,
CARSON, NEV., Feb. 10, 1890.

The matter of the proposed changes in the text books at present used in the public schools of the State, especially as regards the readers and arithmetics, has been examined by the State Board of Education with the utmost care in all its bearings. It is not to be denied that some of the books that we have considered are superior to those of similar kind now in use; but we have been unable to devise any plan for the introduction of new books that will not subject parents to such additional expense as they seem hardly able to afford owing to the depressed business affairs throughout the State. We feel confident, moreover, that an efficient corps of teachers will employ successfully in the future the readers and arithmetics that they have profitably used during the last four years, and that they will cheerfully await the arrival of a more auspicious season for making the changes desired. In order to bridge over the gap between the small and large arithmetics of Robinson's series, of which some teachers complain, we have recommended Robinson's Rudiments, which may be used together with the other two books of the series, or to the exclusion of the first book, or not at all, as may be deemed best in the discretion of the teacher.

The Rudiments will be retailed by dealers at 35 cents a copy. The First Book of Robinson's series will be retailed hereafter at 40 cents, and the Complete Arithmetic at \$1.50, a reduction on the former of 10 cents and on the latter of 25 cents. It will be understood that no books will be readopted, and that all text books now in use continue in use subject to the action of the Board.

PACIFIC COAST NEWS.

The Salem flouring mills are the largest in Oregon. They have twelve run of burrs, and turn out 650 barrels of flour in twenty-four hours.

On the night of the 26th ultimo a band of sheep, fifty head, belonging to Wm. Sharick of Damascus, Oregon, was attacked by dogs, and nineteen were killed.

J. M. Sumner of the Central Colony, Fresno, is trying the experiment of sub-irrigation by means of cornstalks placed in trenches and covered with earth to the depth of ten or twelve feet.

J. H. Slavan, proprietor of the Argenta Ditch and Flume called at the *GAZETTE* office this morning. He is on his way home from California. His ditch will carry a large amount of water this spring and reclaim land heretofore under sage-brush.

James Doran, who was recently in jail on a charge of being an accessory after the fact to the Laswell murder, came down on the Virginia train last evening, in company with his "girl." The pair departed this morning for Winnemucca. Miss Fanchon went with them to the train, and bade them "God speed."

A Man Killed by an Electric Battery.

From the *Pall Mall Gazette*.
A musician named Bruno was killed Jan. 22d by an electric shock received from the apparatus for producing the electric light at the Holte theatre, Aston, Birmingham. A single powerful battery supplies all the lights of the theatre and its adjoining grounds, and the wires conveying the current pass over the orchestra of the theatre. On leaving the orchestra Mr. Bruno placed his hand on the wires, and received the full shock of the electric current. He was rendered insensible by the shock, and died in a very short time.

I Wish Everybody to Know.
Rev. George H. Thayer, an old citizen in this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Whitt's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Bourbon, Ind., May 15, 1878. Drs. Matchett & France. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Success.

The greatest success of the Season. The great Clearance sale of Dolmans, Cloaks, Shawls and all kinds of dry and fancy goods at prices never heard of in Reno, at A. Strassburger & Co's.

None need suffer with neuralgia or toothache. A few drops of Mrs. Dr. Howe's celebrated toothache medicine will instantly stop the pain and save the tooth.

No Deception Used.
It is strange so many people will continue to suffer day after day with Dispepsia, Liver Complaint, Constipation, Sour Stomach, General Debility, when they can procure at our store SHILOH'S VITALIZER, free of cost if they do not cure or relieve them. Price, 75 cts. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Pinniger & Queen, thanking their friends and patrons for their liberal patronage the past year, are pleased to be able to announce that they have better facilities than ever for supplying the purest and best of medicines, toilet articles, wines, brandies, and everything kept by first-class drug stores. We make a specialty of compounding physicians prescriptions in a correct and scientific manner from the purest chemicals. Our medicines are of the best and we will not be undersold by any one.

C. J. Brookins is agent for all the leading styles and makes of pianos and organs. He guarantees to sell at Eastern prices, on the installment plan. Pianos and organs for rent.

Four doses of Mrs. Dr. Howe's celebrated rheumatism medicine will relieve the most intense pain. One bottle or more will cure. Sold by all druggists.

All lovers of a first-class Bit Cigar come to John F. Myers' Drug Store, two doors west of postoffice.

It is the general opinion, that Geogel is one of the finest watchmakers on the Pacific Coast.

The leading watchmaker in town is Geogel, west side of Virginia Street.

Drawing School.
Mr. Laycock will open a class in free hand drawing at the Public School on Monday, January 19th, for the school children and others who wish to attend. The time of class will be as follows: From the close of the school for one hour each day, except Friday, and from 2 to 4 Saturday afternoon. Terms, \$1 per week in advance. Should a sufficient number of pupils be obtained, he will also start an evening school for adults, on Mondays, Wednesdays and Fridays, from 7 to 9. All wishing to join will please leave their names at Pinniger & Queen's drug store.

The Reason Why.
How is it, May, that all the kid gloves worn at the Leap Year party, came from A. Strassburger & Co's?

Because they have the best fitting gloves, from 2 to 15 buttons, and the loveliest shades in the State, and furthermore, they warrant every pair of gloves they sell, and their prices are very reasonable indeed, Frankie, an 1

Sunday Evening Lectures.

Next Sunday evening the Rev. Mr. Bluet of the Baptist church will deliver the first of a series of lectures on the "Prodigal son." He will discuss this subject in four lectures, on consecutive Sabbath evenings. The beautiful parable will be treated by the reverend gentleman with that spontaneous eloquence, warmth of feeling, and richness of illustration for which he is noted. The public may expect a high degree of instruction and entertainment from these lectures.

Moresi Convicted.

Pasquale Moresi's trial ended yesterday afternoon, the jury finding a verdict of guilty, having taken little stock in the plea of "insanity." The charge was assault with a deadly weapon. It was proved that Moresi had entered Bianchi's saloon and fired upon the proprietor without any justification. Moresi will be sentenced on Saturday morning at 10 o'clock.

A Good Troupe.

The Baldwin Variety Troupe will perform in the Nevada Theatre tomorrow evening. They have just played three nights in Carson, and the Tribune said "the show was the best of the kind ever seen in Carson." Their company numbers eighteen performers, including singers, dancers, acrobats, a Dutch comedian, ballet dancers, etc.

A Missing Man.

Information is wanted of Wellin Snook, a native of Kingston, Ontario, now about 23 years old. When last heard of, he was in Surprise Valley, California, about a year ago. His parents are anxious to hear from him. Any information concerning him can be communicated to them through J. A. Scott, of Reno.

Notes of a Trip to the Northern Country.

J. Wise has returned from a trip up north, where he has been traveling for the I. X. L. He came to Reno from Fort Bidwell. He found money plentiful and the farmers all doing well, and expecting good times this year. At Buffalo Meadows he stopped at E. H. Hamlin's hotel, and is enthusiastic in praise of the good cheer and comfort there. Mr. Wise saw B. F. Murphy at his salt works, eight miles this side of Buffalo Meadows. He has a large quantity of salt in store. It is of the finest quality, made from evaporation by solar heat. He is making money out of his enterprise. Nearer home the traveler stops at L. W. Harris' station, where there is first-rate accommodation for man and beast. In Surprise Valley, Mr. Wise visited the ranch of Wm. Hudspeth, on the Cedarville road. He has 500 acres under cultivation, and last summer he built a fine new house. Visitors are always welcome there. In Lake City, George Miner has his mill in full operation and is making a fine quality of flour.

At Fort Bidwell, George Wilmonster & Co. are doing a good brewery business. They make beer, ale and porter, of excellent quality. L. Adams is now running the hotel at Fort Bidwell, and running it well. His business is flourishing. Peter Peterson has plenty to do in filling contracts for supplies to the Fort.

In Eagleville Mr. Wise sat down to a game of whist with Judge Gee. The Judge is the best whist player in that section. G. W. Raine is doing a large business in furnishing beef cattle for the Reno market. He has 500 acres under cultivation. He says the prospects are fine for a good harvest this season. The farmers are making a large outlay for machinery, etc.

In the southern end of Surprise Valley, W. Coppersmith is keeping a station for the accommodation of travelers, who will find a good table there. Four miles below Pyramid City, John N. Mullen has put up a large stable for the accommodation of the stages. He has a fine new hotel in course of construction, and will keep everything of the best in his line.

George Getenbach traveled with Mr. Wise to have a look at the northern country, with an eye to business.

The Case of King and Wyman.

Joe. King this morning gave state evidence in the district court, against Jos. Wyman. King testified in substance that he conceived the idea of robbing Myers' chest, in which he knew the watch was kept. He did not know there was money with it. He suggested to Wyman that they break into the shop. The first good chance they had was on Dec. 10, when the theft was committed. Wyman did the work; King hid the watch. King got a share of the watch and \$52.50. Wyman got \$65. After the theft they went together to the graveyard, where they divided the booty. Wyman intended to go to Oregon. King said this morning that the robbery was planned by himself, and that Wyman had consented to King's making a confession in order that he (King) might be cleared.

Shortly after King's statement had been made, Wyman withdrew his plea of "not guilty," and confessed his guilt. The court remanded him to jail, to appear for sentence on Saturday morning at 10 o'clock. King was discharged from custody.

Myers got his watch back last night. King sent it to him. Myers is out about \$80 by the robbery, having previously recovered some of the stolen money.

Change of Hall.

The Reform Club last evening decided to hold their Saturday night meetings hereafter at the theatre. This is a great change for the better. The Club has lately been imposed upon by youths who wore at the dances ribbons which they had not bought from Club members. They would first see what color was being used, and would then provide themselves outside with slips of the same. The ladies caught a number of these shabby tricksters at the last dance. In the theatre they propose to clear the floor immediately after the meeting and make the spectators of the dancing sit in the gallery. Dancers must buy tickets or ribbons as they enter the door.

Cattle, Feed and Politics.

G. W. Reine has been feeding 350 cattle on his ranch in Surprise Valley for this market. He has commenced driving them in, and has now 123 head on the road. He says the stock on the northern ranges are suffering for water in some places, and in other places from a scarcity of feed. Sheep will come out well in the spring, speaking generally, as the sheep men have been buying hay for feed.

Mr. Reine states that the people of Surprise and the adjacent country are almost unanimously opposed to a third term for Grant. Either Blaine or Sherman would be their choice.

Another Big Lift.

Caldera, the Italian "strong man," performed another feat yesterday. In the District Attorney's room in the Court House, he lifted Major Mann from the floor to the table, upon two fingers. Judge King County Clerk Parish and Deputy Sheriff Dute Gray were present at the time. The Major weighs 226 pounds.

Lenten Service.

There will be Divine service at Trinity church to-morrow evening at half-past seven. During Lent, until Passion Week, there will be Wednesday afternoon service at 4 o'clock and Friday evening service at half-past seven.

JOTTINGS.

Justice is assessed 50 cents. A. McIntosh of Boca is on the street to-day.

The Knights of Pythias propose to hold socials.

Powers shipped a lot of cattle on contract last night.

The Masons will give another social next Wednesday evening.

See L. Demer's 50-cent ad. for low prices of sugar, ham and eggs.

Twenty-two degrees below zero at Boca this morning at 5 o'clock.

Bender and Fasset are learning to ride their bicycle in the Pavilion.

The Amities have their second dance in Kimball's hall this evening.

If Hurd and Caldera pull sticks, who is to pay for the timber they break up.

Mrs. Alt's dancing class will hereafter meet in the Reform Club hall instead of Kimball's.

Jerry Schooling to-day opened up a lot of bacon and hams of a superior quality, for family use.

A Eureka lady has hair five feet, four inches long. Miss Negus, a Carson lady, now living in Reno, has a splendid head of hair. It is four feet, eight inches in length, by actual measurement.

Meyer & Lachman have any quantity of valentines, handsome and ugly, sentimental and comical. Day after to-morrow is the day devoted to St. Valentine. Just how leap year will affect the occasion is a query.

A. L. Hurd, who in the Journal this morning challenged Caldera to a match of pulling sticks, used to be stationed here as section boss on the Central Pacific. He is a very large man, over six feet high and uncommonly strong.

Prof. Plummer gave an excellent entertainment last evening. His audience was appreciative and listened with evident delight to his fine recitations. The Professor is an eloquentist of rare ability, and has given years of study to his profession.

A Cemetery Association Founded. At the meeting of the citizens to consider the organization of a cemetery association, held at the office of Justice Young last evening, quite a number were present.

The meeting being called to order, E. C. McKinney was elected president and W. L. Needham, secretary. A discussion ensued in which it was evident that all believed in the necessity and expediency of organizing the association. A committee was appointed to receive proposals from parties who have land to dispose of, suitable for cemetery purposes (their advertisement to that effect will be found in another column). The meeting was then adjourned, to meet again on the call of the president, to hear the report of the committee.

It is evident that this movement will be a success. The general opinion seemed to be that sufficient ground should be secured not only for the present, but for the future; that lots should be offered at such reasonable rates that every family in town would be able to possess one. The movers in this excellent public enterprise evidently believe in the future of Reno, in an increase of its population and its increased prosperity, and while lands for a cemetery can be obtained at reasonable rates, think it for the public interest that they should be speedily secured.

A Word to the Wise.

At the opening of court this morning Judge King called the bar of Washoe county together and told them that he deemed it more professional for attorneys to make motions in court than through the newspapers. In the case of Washoe county vs. Walker, the case was arrested for six weeks and no motion has been taken up. In the case of Moresi, Queen had done all the work there was for him to do before any other attorney was engaged. If the court had known that Moresi could hire other counsel, none would have been appointed for him. After having worked up the case, counsel would be entitled to nearly the same fee if discharged, as if retained until the termination of the case. The Judge objects to the prosecuting attorney's going to the papers with things which should be attended to in court.

These remarks were elicited by an article in the Journal this morning, supposed to have originated in the fertile brain of the District Attorney. When that astute lawyer and watchful guardian of the county's interests yesterday arose and moved that the counsel allotted to Moresi by the court be discharged, the court declined to see the matter in the District Attorney's light. Hence those lawyers, tax-payers in the morning Journal Hooker, in daily attendance upon the court, that if economy is to be more closely consulted in the affairs of the county, a good commencement might be made in the office of the District Attorney.

A Big Log.

That was a pretty big tree that the Truckee Republican spoke of the other day, but they had a bigger one at Katz & Henry's mill in Dog Valley last week. Tom Hammon hauled it to the mill with five yoke of oxen. It scaled 6,280 feet.

Neat Advertising.

John Roach, instrument maker, 439 Montgomery street, San Francisco, issues a very handsome photograph and price list of: transits, compasses, microscopes, etc. A copy was laid on the reporter's table by Mr. Slaven.

A Professor in Difficulties.

A spectacled German professor of music was up before Judge Young this afternoon, on a charge of vagrancy. His name is Von Waters. The professor has been employed as a pianist in a naughty saloon upon a certain wicked avenue. He was arrested upon the complaint of a restaurant man, at whose table the professor had fed without payment for some short time past. The musician was greatly surprised when arrested; surprised that he, a musician, with money in the bank, and with plenty of big debts, should be apprehended for the mere omission to pay for a few paltry dinners. Avery gently suggested to the musician that they step over to the bank together and draw a few of the professor's golden coins there deposited, in order to liquidate the petty debt. The prisoner expressed a reluctance to draw so small an amount and averred that he had not with him his check book. But Avery insisted upon calling at the bank. The bank officials failed to recognize Von Waters, and his name did not appear on the books. Upon this showing, Avery felt constrained to escort his prisoner to the Justice's court, where he was last seen by the reporter, anxiously waiting for telegraphic assistance from some real or imaginary wife in another town.

Wadsworth Items.

From our own Correspondent. Jake Lewis has gone to visit his parents in Iowa and will be absent some three weeks.

A dancing class has been started with Mr. Jas. Crosby as instructor. The significance of this is preparation for a grand masquerade to be given on the evening of the 23d instant, in Gladding's hall. This grand party is the present social excitement.

The past week's bullion shipment from the Alexander mine amounted to \$9148 73.

The season of Lent has caused a fresh demand for fish, and in consequence our fishermen are sending in larger quantities.

The Weather.

The weather has got cold again. It was disagreeable all day yesterday, and last night the mercury sank pretty low. Watchman Fisher's record shows the temperature to have been as follows: At 6 P. M., 20; at 12 M., 10; at 6 A. M., 4 degrees above zero.

At midnight the storm had ceased on the mountains and the weather was clear and cold. At 12 o'clock in Truckee the thermometer registered zero.

A Reply.

EDITOR GAZETTE:—I will wrestle, lift or pull sticks with Mr. Hurd, or anybody else in Washoe county for \$200 a side, no less, \$50 forfeit. If any match is made it must be done at once, as I don't expect to remain in Reno long.

A. CALDERA.

Good Logging.

Schaeffer, the Truckee Lumber Co., E. Ellen, McIntosh, Katz & Henry, and Pacific Lumber Co., are all logging on the snow this winter. They report the logging very fine. There is from two to three feet.

Stop That Cough.

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggists, Messrs. Osburn & Shoemaker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in 7 75 cent bottle. Samples 25 cent. Large 6 15 cents. Job 2-daw

A Fragrant Breath and Pearly Teeth.

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicate aroma to the breath, and preserves the teeth from youth to old age. The acidity of the stomach will destroy the strongest teeth, unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT. d&w

35th YEAR.

THE SCIENTIFIC AMERICAN.

The SCIENTIFIC AMERICAN is a large Class Weekly Newspaper of Sixteen Pages, printed in the most beautiful style, profusely illustrated with splendid engravings, representing the newest inventions and the most recent advances in the Arts and Sciences, including new and interesting facts in Agriculture, Horticulture, the Home, Health, Medical Progress, Social Science, Natural History, Geology, Astronomy. The most valuable practical papers, eminent writers in all departments of Science, will be found in the Scientific American. Terms, \$3.00 per year, \$1.50 half year, which includes postage. Discount to Agents. Single copies, ten cents. Sold by all Newsdealers. Remit by postal order to MUNN & CO., Publishers, 37 Park Row, New York.

PATENTS. In connection with the Scientific American, Messrs. MUNN & CO. are solicitors of American and Foreign Patents, have had 35 years experience, and now have the largest establishment in the world. Patents are obtained on the best terms. A special notice is made in the Scientific American of all inventions patented through this Agency, with the name and residence of the Patentee. By the immense circulation the public attention is thus directed to the merits of the new patent, and sales or introduction often easily effected.

Any person who has made a new discovery or has any patent, or who has a claim, or invention, can ascertain, without charge, whether a patent can possibly be obtained, by writing to MUNN & CO. We also send gratis our Hand Book about the Patent Laws, Patents, Caveats, Trade-Marks, their costs, and how procured, with hints for procuring advances on inventions. Address for the Paper, or concerning Patents, MUNN & CO., 37 PARK ROW, NEW YORK. Branch office, cor. F & 7th Sts., Washington, D. C. feb-in
